# SCOTLAND

## Featured Scotch Producer

# *The* MACALLAN®

An obsession with quality has been the hallmark of The Macallan since its founding by Alexander Reid on a plateau above the river Spey in north-east Scotland. The distillery is surrounded by a 485-acre estate with Easter Elchies House at its heart.

Macallan Rare Cask 2022 Vintage	85

The Macallan worked with acclaimed violinist Nicola Benedetti on Rare Cask, 2022 Release. Drawing on creativity and mastery, she reflects on the flavor notes of this special release:

"There is a point where all the elements of a work of art come together and overwhelm your senses. I can appreciate the aromas of spice, raisin and the slightly nutty flavour. I have always had a sensitive reaction to scents, just like the playing of a note or unveiling of a chord.

The smell of oak transports me back home to long weekend walks through the Auchinleck fields and glens near my Scottish hometown, Ayrshire. It has a feel to it that can only be experienced in Scotland. Experiencing the greatest of creations is something we can't fully explain. But we feel every bit of it."

## HIGHLANDS

The flavors produced in this vast region are as varied as its landscape. Moors, mountains, coastlines and grassy plains give unique characters from rich fruit cakes and malt to floral, hearth and smoky, dried fruits.

Oban - 14 yr	23

## LOWLANDS

The lush rolling hills and countryside are reflected beautifully in these subtle, grassy Scotches. While most of the whiskey produced in this region is destined for blends, the single malts still being made offer notes from honeysuckle and cream to light toast and toffees.

Auchentoshan - 12 yr	15
Glenkinchie - 12 yr	25

## SPEYSIDE

These light, sweet Scotches are defined by the beautiful River Spey that runs through the heart of the region and the warm, dry climates. Their complex elegance offers apple and dried fruit notes with vanilla spice and occasional subtle, refined smokiness.

## ISLAY

The rocky cliffs and crashing ocean waves of this rugged region produce some of the most intensely flavorful whiskey in the world. The rich peat flavor is full of smoke, earth and ocean air.

## ISLANDS

While rich and peaty, these scotches are often more subtle and gentler than their coastal counterparts. Less intense peat and smoke allow rich malt and toffee flavors to breath more freely.

# BLENDDED SCOTCH & SPECIAL COLLECTIONS

Blends are often the unsung heroes of the scotch world. What they lack in terroir they make up for in artistic balance. Buying whiskey to age and blend is no different than an artist buying paint. A blenders vision is expressed by carefully selecting barrels with subtle flavors to balance against and with each other to create harmony.

# BOURBON WHISKEY

The most heavily regulated spirit in the world, bourbon is a patriotic reflection of Americana. Corn, Americas native grain, gives bourbon its unique sweet, smooth flavor that is balanced perfectly with malted barley and spicy rye or nutty wheat before mellowing in charred new American oak barrels.
